SPORTS DAY SPECIAL

It was Friday 8th July 2022 and what a scorcher it was! During a couple of disrupted years due to the Covid Pandemic, it was finally great to be back at Thames Valley Athletics Centre for our annual Sports Day.

This is a whole school event for all students in Years 7, 8, 9 and 10, and record numbers of student took part in events which was incredible.. The Athletic events began at 10.00am and we had a tight schedule to keep to and thankfully the day ran smoothly.

Gold, silver and bronze medals were presented at each individual event to the top three athletes. Girls competed against girls and boys competed against boys in all track and field events. The only mixed event was the tug-of-war which is always a crowd pleaser.

THE TEAMS

Years 7 - 9
 Brunel
 Hadid
 Luther King
 Mandela
 Pankhurst
 Seacole
 Turing

Year 10
 Brunel
 Deacon
 Loveless
 Luther King
 Pankhurst

THE POWER OF SPORT

Students go to school everyday to study so that they become knowledgeable about different things. But we also know that they must engage in other physical activities to keep their minds fresh and relaxed. Some parents worry that their children are not performing well in their studies. This may be because their interest lies in other fields, and sports day is an apt day to discover the athletic interest of our students.

Sports day is conducted every year so that students get some time off from their routine studies and help them to concentrate on their other strengths. At Wexham we encourage our students to participate in sports and consider physical education to be an essential part of their life. Along with making them fit and healthy, sports develop a range of skills in our students.

Through sports, students learn the value of discipline and team spirit. They also learn how to lead a team as an efficient leader and how to take things in a sporting spirit.
