Dear Parent/Carer

Year 7 Transition – Special Educational Needs

We hope that your child has made a positive start to Year 7 and is beginning to settle into secondary school.

As part of our transition process, we are gathering information about the special educational needs (SEN) and additional needs of our new Year 7 students. Much of this information has already been passed on from primary schools, but information from parents and carers is extremely valuable in helping us understand your child as an individual and ensuring that the right support is put in place as early as possible.

We would therefore be grateful if you could provide us with any information, you feel would help us to understand your child and support them effectively at secondary school by completing the form [here](#).

If your child **does not** have a special educational need, please record this on the form.

If your child has an EHCP, assessment report, diagnostic report, or other relevant documentation that we have not already received, please provide a copy of this to the school, either via main reception, or the send@wexham.slough.sch.uk e-mail address so that we can ensure our records remain up to date.

Thank you for taking the time to provide this information. Working together with parents and carers is an important part of ensuring that every child feels known, understood and supported as they begin their secondary school journey.

Yours faithfully

Mrs Peet
SENCO/Leader of Inclusion
