

7th October 2026

Dear Parent/Carer,

Year 8 -13 SEND Information

We hope that your child has made a positive start to the new academic year.

As part of our annual review of student information, we are asking parents and carers of students in Years 8–13 to provide us with updated information regarding their child's special educational needs (SEN), additional needs, or any other circumstances that may affect their education, wellbeing or support in school.

We recognise that children's needs and circumstances can change over time. Keeping our records up to date helps us to ensure that staff have the most accurate and relevant information and that appropriate support can be provided when needed. We would therefore be grateful if you could complete the form [here](#):

If your child **does not** have a special educational need, please record this on the form.

If your child has an **assessment report, diagnostic report, medical documentation, or other relevant paperwork** that we have not already received, please provide a copy to the school via Main Reception or by emailing send@wexham.slough.sch.uk. This will enable us to ensure that our records and support arrangements remain accurate and up to date.

Thank you for taking the time to provide this information. Working in partnership with parents and carers is an important part of ensuring that every student is known, understood and appropriately supported throughout their secondary education.

Yours faithfully

Mrs H Peet
SENCO/Leader of Inclusion
